## Harbin Quick Facts

**City Name:** Harbin (哈尔滨)

**Population:** 9.94 million (2010)

**Location:** Northeast China

**Features:** It is famous for the breathtaking scenery of snow.

**Area Code:** 0451

**Zip Code:** 150000

## Overview

### Geographical Location

The city of Harbin is the capital of Heilongjiang Province, China's most northerly province. Harbin is situated near the northern extremity of the Northeast China Plain, the large plain that lies above the Bay of Bohai. And Harbin is the political, economic, cultural and technological center of Heilongjiang Province, as well as the province's transportation and communication hub.

### History

Harbin, situated on the Songhua River, is the site of the prehistoric (BCE 2200, roughly, or the late Stone Age), pre-Xia (BCE 2000-1500) Dynasty settlement referred to as Pokai. The first Chinese village here would be known as Pinkiang, before the village was eventually occupied by nomadic Turkic tribes that migrated into the area later known as Manchuria from the area that would be known as Siberia.

## Climatic Features

Harbin belongs to temperate continental monsoon climate, with four distinct seasons and large annual range of temperature. It boasts long and chilly winters and short and comparatively warm summers, with the annual average temperature of  $3.6^{\circ}\text{C}$ . The temperature in spring and autumn changes greatly. The coldest month is January, with the average temperature of  $-24.8^{\circ}\text{C}$ , and the hottest month is July, with the average temperature of  $24.8^{\circ}\text{C}$ . Snow falls from November to the following January in Harbin. The summer of Harbin is comparatively cool than that of many other cities, thus, it can be ranked as an ideal place for avoiding summer heat. However, the rainy season falls in July and August and people need to bring raincoats and umbrellas with them during this period.

## Best Time to Visit

The best period to visit Harbin is from December to the following January when the whole city is covered with white snow. In winter, Harbin becomes a grand world of snow and ice, which is the paradise for skiing enthusiasts. Just at this period, the world famous Harbin Ice-Snow festival is held, during which, people can not only participate in various snow activities, but also appreciate a variety of snow sculptures. Besides, during the period from July to September, an increasing number of tourists come to Harbin to spend their summer holidays due to its comfortable weather condition.

## What to Do in Harbin

*Group Tours with Solo Adventure!*

## Yabuli Ski Resort

# What to Eat in Harbin

## Braised Pork With Vermicelli

Like the warm hearted and straightforward local people, the Harbin dishes tend to be hot, strong flavors. Braised Pork with Vermicelli is a famous dish in Northeast of China. It is a dish cooked in traditional cooking skills with local materials. Because that this area is rich in potatoes, so the vermicelli there mainly means potato powder. When winter comes, the locals store processed potato power for future use.

The main materials of Braised Pork with Vermicelli are pork, vermicelli and cabbage, together with some condiments like soy sauce, white sugar, salt, scallion, ginger, garlic, pepper, star anise, and so on. Owing to the braised pork, this dish tastes especially sweet.

## Russian Cuisine

The main characteristics of Russian cuisine is that of a variety of flavors, such as sour, sweet, spicy and salty to satisfy different tastes. The Russian cuisine in Harbin has several decades of history. You can taste the traditional and fastidious -making Russian cuisine in Harbin International Hotel, the Swan Hotel, the Friendship Palace, Harbin Ma'dieer Hotel, Huamei Western Restaurant and so on. The famous dishes of Russian cuisine are Fillet Steak, Roast Pig with Cream Sauce and roasted Abalone with Cream Sauce.

## Braised Chicken With Fresh Mushrooms

Braised Chicken with Fresh Mushrooms is a traditional and famous dish of northeast China. To cook this dish people first scald and depilate the chicken and then cut the chicken into pieces. Then put the chicken pieces together with the scallion, ginger, water and some other condiments into a stockpot. After the soup is boiled, add some fresh mushrooms into the soup to improve the flavor. The dish could be eaten as soon as the mushrooms are cooked completely. The delicious chicken, the soft and fragrant mushrooms as well as the fresh and nutritious soup will leave you a fantastic memory.

# What to Buy in Harbin

## **i** **Black Currant Wine**

The Black Currant is commonly called the "Black Bean Fruit" by local people. It was a wild plant originally, but it was planted artificially later. Using the Black Currant to make wine is the traditional product of the Harbin Qiulin Company. It has a history of nearly one hundred years. Every mid-September, the Black Currant is ripe. Every full seed is enclosed in a juicy, mildly acidic pulp. It's the best time to make it into wine.

## **i** **Russian Nested Doll**

It's a toy, which is made up of several lovely dolls. The small one is placed in the large one. The smaller one is placed in the small one. One doll is stored inside another until there is no room to hold any other doll. Every doll is painted with various pictures, such as, man who is hunting on the horse, woman wearing fine clothes, children who are playing.

## **i** **Harbin Red Sausage**

Harbin Red sausage was originally called Russia and Lithuania Sausage. It has a history of nearly one hundred years since it has been introduced into Harbin. Because the surface of the sausage is purplish red, it's called Red Sausage by locals.

## **i** **Candy Stuffed With Wine**

The Candy Stuffed with Wine is a traditional Russian-style candy. It has a long history. At the beginning of the 20th century, it was introduced into Harbin. The Candy Stuffed with Wine made by the Candy Factory of the Qiulin Company is recognized to be the best.

## **i** **Sugar Candy Hulu**

It's a main local product in Harbin. Red haws are pierced together on a stick, with melted sugar candy on the surface. Its fragrant, sweet and tasty. Looked in the distance, it looks like a bunch of red agates.

## **i** **Lie Ba**

Lie Ba is a kind of typical large Russian bread. It's nearly larger than the pot using for steaming food. Only Harbin has traditional cooks and facilities of making pastry in China, These cooks can roast the real Russian bread. Therefore, Lie Ba is the local flavor food.

# Harbin Restaurant

photo by:cuijiujiang

## Chaoshi Street

There is a famous food street in Harbin-Cao Shi Street. It is in the south of Wu Dao Street. During summers, there are so many small restaurants setting their tables at the sides of the street after 7 pm.

Then what could you eat there? Short rib strings of different kinds of flavors, such as ribs with cayenne pepper, sweet-and-sour ribs, teriyaki ribs and so on. The nicest short rib strings of Harbin are all together there. The short rib string with cayenne pepper of Mandong Restaurant should be the top. The sweet-and-sour rib strings of Daquan Restaurant also win a good reputation.

## Wugang Grilled Meat Restaurant

Wugang Grilled Meat Restaurant is a old and famous small restaurant in Harbin. The restaurant is very small and there are only four dishes! They are trotter(猪手), grilled meat (扒肉), pork knuckle (猪肘子), cold dish (凉菜). All the four are very delicious and ordered by almost every customer. Though the Deli is small with only four dishes, it attracts lots of people every day for its unique dishes.

Recommended dishes: trotter(猪手), grilled meat (扒肉), pork knuckle (猪肘子), cold dish (凉菜)

- **Transport:** Near Jingyu 7 Dao Street Stop, bus 1, 28, 205 can get there.
- **Tips:** The restaurant and surrounding environment is not good.

## LaoRenYi Restaurant

LaoRenYi restaurant is an old well-known steamed dumpling with beef restaurant. Its dumplings are cooked by unique way which tastes rather good but not greasy. Though the environment is so-so, its authentic northeast style dishes deserve you to have a try.

Recommended dishes: crispy sweet & sour pork slices(锅包肉), Grilled Lamb Chops (扒羊肉条), Steamed dumplings (蒸饺), Roast lamb leg (烤羊腿)

- **Hours:** 10:00-22:00
- **Consumption style:** meals for friends and families
- **Transport:** Near Taigu 14 Dao Street stop, bus 7 can get there.
- **Tips:** Parking lot is available.
- **Consulting Telephone:** 0559-2934111, 2934144

## San Dao Street

When we mention San Dao Street, there are too much to talk about it. In Harbin, lots of people know the snacks of San Dao Street. From Jingyu Street to Waihuan Road, dozens of large or small restaurants offer different kinds of snacks, such as the Dried Intestine and Small Trip of Beishan Restaurant, Pig Brain of Lao Shao Restaurant, the dumplings of Fan Yongji and the Fire Spoon of Shengping Wonton Restaurant (this Fire Spoon is a biscuit within a small piece of fat meat and sweet sauce. In a word, it is very delicious when baked).

The south of San Dao Street is worth a visit very much. The Stone Boiler Barbecue of Nansan Restaurant is very famous. It is very delicious but very cheap. Beef and mutton, pork chop, vegetables, seafoods, baked in the stone boiler, are more delicious than that we cook at home. Now, San Dao Street has become a street of stone boiler barbecue.

## Airline system

Harbin Taiping International Airport (HRB) is the second largest airport in Northeastern area of China. It is about 35 kilometers away from the city centre. Totally, there are about 70 airlines in operation now including domestic airlines, regional airlines and international airlines. There are about 50 domestic airlines such as the flights to Beijing, Shanghai, Guangzhou, Hong Kong and Taipei and the international flights to Seoul (the capital of South Korea), Osaka (Japan), Vladivostok (Russia) and Los Angeles (America).

- **Official Website:** <http://www.haerbinairport.com/>
